Review of operations

For the half-year period ended 31 December 2020, the Group reported a decrease in revenue of 4.8% to \$15.4 million from \$16.1 million in the previous corresponding period (six months ended 31 December 2019). This decrease is due to the strengthening of the Australian dollar, as US\$ (the currency we bill our customers) revenue was in line with the previous corresponding period. Gross margin percent also remained relatively stable at 76.9% compared to 77.1% for the previous corresponding period.

The directors consider Earnings Before Interest, Tax, Depreciation and Amortisation ('EBITDA') to reflect the core earnings of the Group. EBITDA is a financial measure which is not prescribed by Australian Accounting Standards ('AAS') and represents the profit under AAS adjusted for non-cash and significant items.

As a result of COVID-19 related stimulus initiatives the Group has received \$759,000 in JobKeeper support payments, \$50,000 from the Australian Government's Cash Flow Boost program and a \$19,000 Hong Kong Employee Support Scheme grant in the half-year period ended 31 December 2020. These amounts were recorded in other income and are therefore excluded from the calculation of EBITDA.

Consistent with the prior financial year, the Group considered it prudent and appropriate to not recognise tax losses of approximately \$0.9 million generated in half-year period ended 31 December 2020. These tax losses include the benefit of research and development tax offsets, which the Group expects to continue to receive in future years. The Group retains access to these tax losses to apply against taxable income in future periods and may re-recognise them as an asset when greater certainty returns.

Net loss after tax was \$1.2 million compared to \$0.3 million net profit after tax in the six-month period ended 31 December 2019. The main factor in this movement was a \$1.2 million increase in depreciation and amortisation relating primarily to increased development costs.

Dante comprises software and hardware that is sold to and integrated inside the AV products of its Original Equipment Manufacturer ('OEM') customers. Review of operations

For the half-year period ended 31 December 2020, the Group reported a decrease in revenue of 4.8% to \$15.4 million from \$16.1 million in the previous corresponding period (six months ended 31 December 2019). This decrease is due to the strengthening of the Australian dollar, as US\$ (the currency we bill our customers) revenue was in line with the previous corresponding period. The Group has grown the number of OEM customers shipping Dante enabled products to 360 OEMs at 31 December 2020, up 23% from 292 at 31 December 2019. Once the OEM has designed the Dante platform into one of its products, the Group will receive revenue at each production run in the form of sales of Dante chips, modules or cards or royalties. Dante enabled OEM products available for sale increased to 3,008 products, up 27% from 2,371 at 31 December 2019. Whilst Audinate continued to experience growth in key business metrics this did not fully translate into growth in revenue and units as the AV industry experienced headwinds from global economic conditions, including the impact of COVID-19 and unfavourable exchange rates.

Operating expenses, which consist of employee benefit expenses, marketing expenses and administration and other operating expenses decreased by approximately 5.6% to \$10.0 million in the half-year period ended 31 December 2020 from \$10.6 million in the previous corresponding period. This decrease was due to: a) a \$0.6 million increase from additional headcount; b) the previous corresponding period including \$0.6 million of costs incurred as a result of the prior CEO's exit; c) a \$0.4 million decrease in travel costs; and d) a \$0.2 million favourable foreign exchange benefit on foreign subsidiary expenditures. EBITDA was \$1.8 million in the half-year period ended 31 December 2020 compared to \$1.9 million in the previous corresponding period.

As a result of COVID-19 related stimulus initiatives the Group has received \$759,000 in JobKeeper support payments, \$50,000 from the Australian Government's Cash Flow Boost program and a \$19,000 Hong Kong Employee Support Scheme grant in the half-year period ended 31 December 2020. These amounts were recorded in other income and are therefore excluded from the calculation of EBITDA.

Consistent with the prior financial year, the Group considered it prudent and appropriate to not recognise tax losses of approximately \$0.9 million generated in half-year period ended 31 December 2020. These tax losses include the benefit of research and development tax offsets, which the Group expects to continue to receive in future years. The Group retains access to these tax losses to apply against taxable income in future periods and may re-recognise them as an asset when greater certainty returns.

Net loss after tax was \$1.2 million compared to \$0.3 million net profit after tax in the six-month period ended 31 December 2019. The main factor in this movement was a \$1.2 million increase in depreciation and amortisation relating primarily to increased development costs.

Significant changes in the state of affairs

The Group completed an institutional placement on 22 July 2020 which raised \$28 million of cash and resulted in the issue of 5,436,894 ordinary shares on this date. In addition, a Share Purchase Plan was completed on 17 August 2020 which raised \$12 million of cash and resulted in the issue of 2,343,750 ordinary shares on this date.

During the period, Audinate was able to attract and establish an experienced video development team of 11 employees in Cambridge (UK) which adds 165 years of video experience and expertise to Audinate. The recruitment of this team will allow the Group to accelerate the execution of its video strategy.

There were no other significant changes in the state of affairs of the Group during the financial half-year.

Independent Auditor's Review Report to the Members of Audinate Group Limited

We have reviewed the accompanying half-year financial report of Audinate Group Limited, which comprises the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on page 16.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
